HiPC 2018 CALL FOR PARTICIPATION

HiPC 2018 is the 25th edition of the IEEE International Conference on High Performance Computing, Data, and Analytics. The conference will focus on both HPC as well as Data Science. We will return to our home base in Bangalore (Bengaluru) to mark this anniversary and to hold special celebratory events. We will also use HiPC 2018 to explore programs that expand and enrich the conference offerings, like tutorials and Birds-of-a-Feather meetings, which give added value to conference attendees.

HiPC receives strong industry support from companies operating globally and also established in India. In addition to the two days of industry exhibits, the sponsoring partners to the conference hold industry symposiums to bring together providers and users of HPC in a forum for presenting state-of-the-art in HPC platforms and technologies as well as their applications in Data Science .

HiPC 2018 CALL FOR PAPERS

Starting in 2018, the meeting will be organized under two focus areas: HPC and Data Science. The conference features a robust single track technical program of peer reviewed papers and invited keynote lectures. Complementing the main technical program, HiPC workshops serve to broaden the technical scope of the conference in emerging areas of high performance computing, communication, data and analytics and their applications. The conference encourages student participation by providing an international forum to highlight student research accomplishments in HPC as well as Data Science. The symposium also gives students exposure to the best practices of senior researchers in these areas in academia and industry.

Authors are invited to submit original unpublished research manuscripts that demonstrate current research in all areas of high performance computing, data, and analytics.

For more details see the HiPC website **www.hipc.org**

GENERAL CO-CHAIRS
Chiranjib Sur, Shell India
Yinglong Xia, Huawei Research, USA

VICE GENERAL CO-CHAIRS
Kishore Kothapalli, IIIT-Hyderabad, India
Anand Panangadan, California State University, Fullerton, USA

PROGRAM CHAIRS
High Performance Computing
Olivier Beaumont, INRIA, France
Data Science
Srinivas Aluru, Georgia Institute of Technology, USA

INDUSTRY LIAISON CO-CHAIRS
Rama Govindaraju, Google, USA
R. Badrinath, Ericcson, India

STEERING COMMITTEE CHAIR
Viktor K. Prasanna, University of Southern California, USA

CO-SPONSORED BY

IEEE computer society

Technical Committee on Parallel Processing
&
HiPC Education Trust, India
In cooperation with

IMPORTANT DATES

Workshop Proposals Due: Friday, April 20, 2018 (extended)
Paper Abstract Submission: Friday, June 8, 2018
Paper Submission Deadline: Friday, June 15, 2018
Author Notifications for Rebuttal: Friday, August 10, 2018
Author Rebuttal Response Due: Friday, August 24, 2018
Acceptance/Rejection Notification: Friday, September 7, 2018
Camera Ready paper Submission Due: Wednesday, October 3, 2018

CELEBRATING **25** YEARS

April 6, 2018
